Background

This document was prepared and approved by the Branch Executive Committee (BEC) of Scouts ACT. Its objective is to facilitate the generation and delivery of appropriate, high-quality information by and for the BEC in a timely, consistent, and transparent way. This is a living document, designed to be useful rather than onerous. An initial review will be conducted in December 2021 to check for anomalies and unintended consequences. Thereafter, it will be reviewed every two years (at a minimum), as will the Terms of Reference within it, to ensure relevance and soundness is maintained.

Purpose of BEC committees and working groups

In accordance with clause 31 of the Branch Constitution, the BEC may establish standing and ad hoc sub-committees as a source of expert advice and support to Scouts ACT, and to assist BEC to accomplish policy, regulatory and functional responsibilities as prescribed by governing legislation, and goals of Scouts ACT as set out in its approved strategic plan and other milestone statements. In this document these standing sub-committees will be known simply as 'committees'. Time-limited (ad hoc) committees assembled to address a specific question or project will be known as 'working groups'. In all respects other than their lifespan, unless otherwise stated, committees and working groups will operate under the same framework, as set out in this document.

For brevity, where the word 'committee' is used in this document it also signifies 'working group' unless stated otherwise.

Membership of a committee is a voluntary role to bring necessary skills and knowledge to the committee. Committees have an important role, and the way in which they perform is integral to the ability of the BEC to make informed decisions, and to the performance of Scouts ACT as a whole.

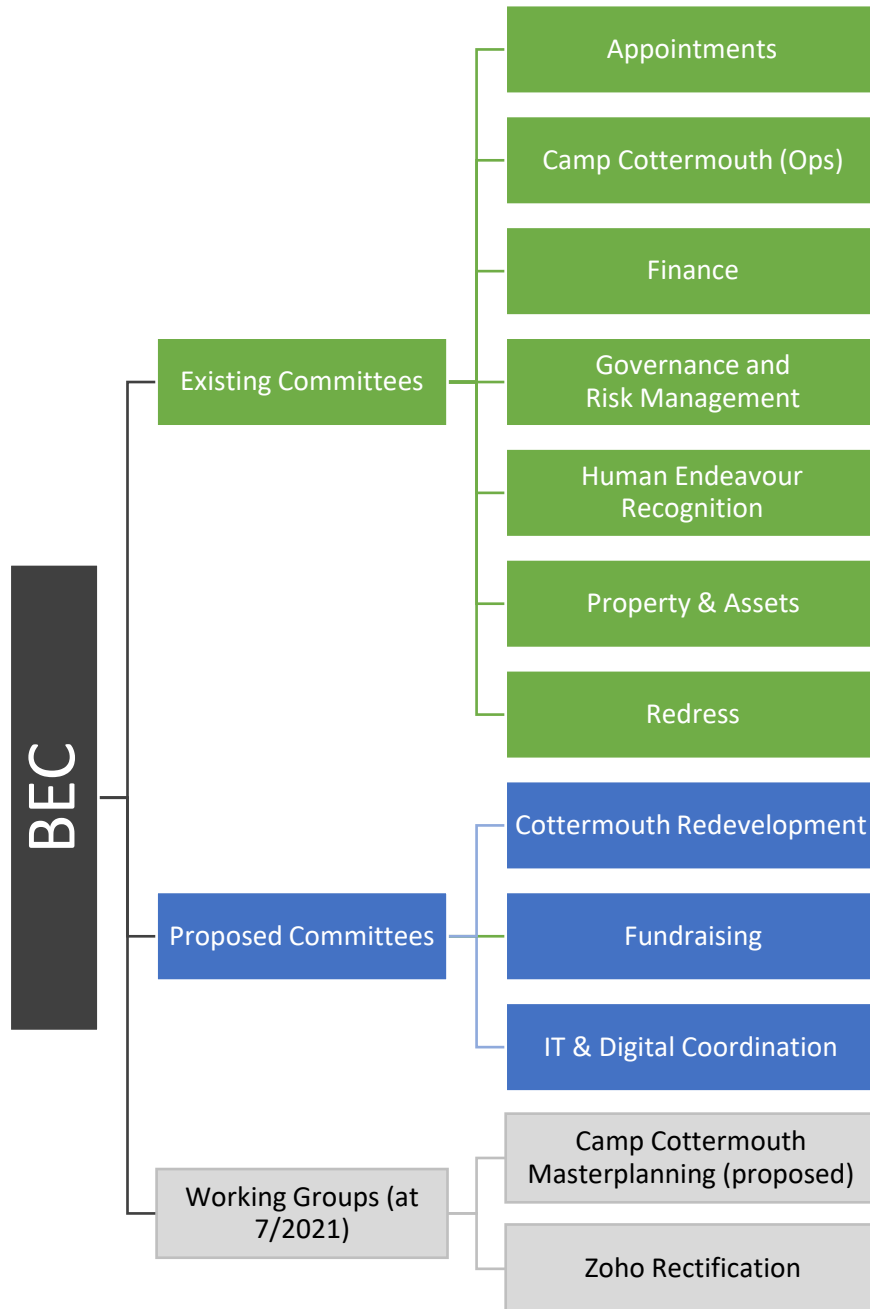

Whilst acknowledging that there are differences in purpose between BEC committees that modify the following, **in general** committees are intended to be:

1. bodies that deliver or oversee the delivery of specific functions and services (e.g., daily management and operation of Camp Cottermouth, or coordination, development, and oversight of budgets for the Branch).
2. a source of policy proposals and reform initiatives.
3. a forum for consideration of practical issues and resolution of problems.
4. a liaison body (members, government agencies and other external organisations).

Existing and proposed BEC subcommittees and working groups (2021)

(alphabetical order)

Refer to Appendix A for the current list of committee members and support staff.

Membership of committees

1. Committees should be skills-based, capable of identifying issues and appropriate resolutions; foreseeing opportunities, trends and risks and responding to them, through the BEC.
2. Committees shall be assembled so as to consist of people who, together, provide a balance of:
 - relevant expertise, skills, qualifications, experience, or knowledge.
 - understanding of Scouting.
 - fresh perspectives.
 - age.
 - gender.

In assessing candidates, the selection panel shall give most weight to *relevant expertise, skills, qualifications, experience, or knowledge*.

3. At least one member of BEC will sit on each committee. This is to facilitate effective communication, transmission of ideas, and decision-making in Scouts ACT at the senior management and executive levels.
4. Employees of Scouts ACT may serve on BEC subcommittees as ex officio members.
5. Each committee shall have no more than one employee ex officio member (with the exception of the Appointments Committee for which Scouts ACT Policy 2.1 applies), who will be appointed by BEC. In general, the Executive Officer (or equivalent senior employee by whatever title) will hold the ex officio seat on each committee, or other staff may be assigned as the employee ex officio member to a committee instead, where their skillset and seniority is appropriate. For example, a Property Officer might serve on the Property and Assets Committee, an IT Officer might serve on the IT & Digital Transformation Committee, a Marketing and Communications Officer might serve on the Fundraising Committee. The ex officio employee member of a BEC subcommittee has voting rights and shall be counted towards quorum.
6. Each Committee shall have a chair, appointed by the BEC. In general, it is encouraged and preferred that the Chairs of committees are non-uniformed Members. It is preferred that employees of Scouts ACT do not hold the role of chairs. However, it is acknowledged that from time-to-time candidates meeting these criteria may not be available and therefore a pragmatic approach will be used. For example, the HERC Chair must have a current or very recent deep and practical understanding of uniformed operations, especially at the Group level. Suitably qualified and experienced candidates for the role of HERC Chair are more likely to be uniformed members of Scouting.
7. It is required that committee members seek appointment as an Adult Supporter member of Scouts ACT if not already a member or employee.
8. The Chief Commissioner and President are ex officio members of all committees (with the exception of the Appointments Committee for which Scouts ACT Policy 2.1 applies). The Chief Commissioner and President have voting rights and shall be counted towards quorum.

Appointment process

1. *Expression of Interest*

The recruitment process will be consistent for all committees and working groups, with the exception of the Appointments Committee which shall be formed in accordance with Scouts ACT Policy 2.1. The BEC, on behalf of all Committee Chairs, will call for Expressions of Interest in February of each year for all committees. Expressions of Interest will be called on an ad hoc basis if needed to fill vacancies mid-term. EoI's will describe the purpose of the committee, the limits of its role and responsibilities, the time commitment expected of committee members, a due date for responses, and a link to a form on a Scouts ACT platform. The EoI form shall be short, simple, and direct. See example attached.

2. *Term of appointment*

Committee members are appointed or reappointed by the BEC for a term of up to two calendar years commencing from date of appointment. Terms of appointment may be extended in one-year increments, by approval of the BEC. The aim is to achieve a respectful balance between corporate memory and regular membership renewal. Committee members may resign or be removed from a committee by the BEC at any time. A record is made in the Scouts ACT membership database of members' committee service.

3. *Selection process.*

1. BEC calls for Expressions of Interest for committee role/s.
2. Provide a 2-3 week period for receipt of nominations.
3. BEC convenes a selection panel to consist of 3 people at least one of whom shall be a BEC member, and one shall be a member of the Committee (not relevant if a new committee is being formed).
4. Assess applications and issue invitation/s to the selected applicant/s.
5. Seek BEC approval of the appointment at the next meeting of BEC.
6. Advise the Committee Chair that the new member/s are formally appointed.
7. Committee Administrator helps applicant to complete application for appointment as an Adult Supporter (if applicable).
8. New members-elect may participate at the meetings of the committee, *without voting rights*, until their committee appointment has been formally approved by BEC.

NOTE: Committee appointments will become a standing agenda item at BEC meetings, and the Executive Officer shall ensure that a schedule of new appointees to be approved, and renewal dates for existing appointees is maintained.

4. *Induction*

Newly appointed Chairs and Committee Members must complete an induction/training session in the first month of their appointment, with topics to include the conduct of meetings, monitoring performance of members, relevant procedures, and the Committee's advisory role to the BEC.

Operation of committees

1. *Frequency of Meetings*

Unless otherwise noted (refer to specific Terms of Reference), committees are encouraged to meet once a month. In general, meetings will require 1-2 hours each. In addition, Committee members should be able to allocate the equivalent of at least one day per month towards the activities of their committee.

2. *Quorum*

The quorum for all committee meetings is three (3). For the purposes of a quorum the Chair is to

be counted as a member. The Chief Commissioner, President and one ex officio staff member, if present, count towards quorum. The Committee Administrator (if applicable) does not count towards quorum. The Chair has the discretion to cancel the meeting or refrain from conducting specific business in the absence of sufficient members.

3. *Mode*

Meetings may be face-to-face, online or a hybrid of the two. Committee members should be flexible and cooperative in selecting the meeting mode, responding sensibly and safely to the needs and constraints of members and the wider environment as they apply at any given time. Appropriate protocols should be employed to ensure that online meetings are cybersafe (for example, not sharing meeting links publicly, and ensuring that only invited participants are admitted to the meeting).

4. *Record of Meetings*

Committees are entitled to administrative support from Scouts ACT (that is, Branch Office). Committees must keep minutes of each meeting which must be filed permanently in an appropriate Scouts ACT document repository (paper or digital filing system). Minutes of committee meetings may be reviewed by BEC at any time.

5. *Reports*

After each meeting it is the responsibility of the Chair to ensure that the Committee submits a report in writing to the BEC based upon the guidelines provided and amended by the BEC from time to time. To avoid duplication of effort, the committee minutes may serve as the report to BEC, on the proviso that the agenda of the meeting is properly constructed to address all relevant matters. This ensures that BEC is aware of the work of committees, of emerging issues and responses to them, and is formally engaged in policy proposals and other initiatives.

Further, Committee Chairs will attend a minimum of one BEC meeting per year in person to report and discuss the work of their committee with the BEC. BEC will arrange mutually convenient appointments with each Committee Chair.

6. *Invited Guests*

Committees are encouraged to invite experts or visitors to make presentations to them on any issue of interest. Committees may have at their meetings regular or ad hoc guests, who are not members of Scouts ACT but represent an important stakeholder group, organisation or otherwise bring relevant perspectives and expertise to matters under consideration. Guests have no voting rights at meetings and do not count towards quorum.

7. *Confidential meetings*

It is recognised that in some circumstances a committee may need to meet without a staff member present, even though they may be defined as a committee member. For example, a discussion of salary, or preparation for employee consultation or counselling. Formal records of such meetings must be kept. Distribution and storage/filing of records must be managed to protect privacy and confidentiality. Records must be held on a Scout platform or system.

Delegations

Direct Expenditure

Committee expenditure is authorised within the limits of the committee's approved annual budget, for items or programs specified in the approved budget. Proposed expenditure outside these limits, or not envisaged in the component lines of the budget, requires BEC approval.

Review and recommendation of expenditure

The Property & Assets Committee and the Finance Committee are delegated to review applications for expenditure by other committees and all formations of Scouts ACT in line with policies and make recommendations to BEC. BEC will not consider requests for funding approval that have not first been reviewed by whichever is appropriate of these two committees.

Agreements

Committee members are not authorised to sign legal documents (for example, sign deeds, contracts, regulatory forms, and other binding documents) without BEC authorisation. This includes, but is not limited to, development applications, building applications, loan applications, grant applications, service agreements). The BEC may at its discretion provide some standing delegations to enter agreements to specific committees to preserve operational efficiency, for example, the Camp Cottermouth Committee and the Property & Assets Committee may be authorised to enter into simple service agreements. Where such delegations exist, they are noted in the committee's Terms of Reference, or recorded in the minutes of the BEC and the Committee Chair informed in writing by the BEC.

Governance and financial delegations

There are three categories of delegation. Some delegations may not be applicable to some committees. The specific limit of a committee's delegation is set out in its Terms of Reference.

Type 1: Governance Delegation (decision-making, including contractual)

Type 2: Financial Delegation (expenditure of the committee's approved budget)

Type 3: Financial Delegation (approval of expenditure by others from other budgets).

Budgets and budget reports

Each committee must prepare a budget showing all expected income and expenses for their area of responsibility for the following calendar year. For some committees this will be nil. This is to be submitted to the Finance Committee at a time and date to be determined by the Finance Committee (usually in Quarter 3 of the calendar year).

Each committee is to monitor performance against its current budget with support from the Branch Office and report to BEC in each written report.

Responsibilities of committee Chairs

In accepting the position of Chair, the Chair agrees to abide by this Framework and perform the responsibilities described, unless otherwise authorised by BEC. Chairs must be prepared to commit the equivalent of one day per month (minimum) for each committee and advise the President of the need for a replacement if they are unable to meet this commitment. Chairs are required to report in person to the BEC at least once per year at a date of mutual convenience.

Responsibilities of committee members

In accepting membership of a committee, it is the responsibility of members to:

- inform themselves fully of the committee's functions and objectives, its tasks, and agenda issues;
- contribute to the fulfilment of their committee's functions and objectives;
- attend and actively participate at committee meetings;
- undertake at least one substantive work item for the committee per year, where appropriate.

Confidentiality and conflicts of interest

All committee members are expected to observe strict rules of confidentiality with respect to committee business. They must be conscious that from time to time they may:

- be involved in commercial-in-confidence discussions or decisions.
- be asked to consider and comment on highly sensitive documents about policies, incidents, issues, and individuals.
- be asked to consider draft policy proposals intended for debate within the committee which should not be presumed to reflect approved policy of Scouts ACT.

Committee members are expected to focus on the best interests of Scouts ACT rather than on personal or constituent interests (e.g., the interests of a specific Scout Group or Activity Team with which the member may have a personal connection or official role).

Committee members are expected to inform the Chair of a conflict of interest or potential conflict of interest if any occurs, immediately upon it becoming apparent that a conflict exists. The Chair will decide on the appropriate course of action. Typical mitigation includes:

- member is excused from that portion of the meeting where the matter in which they are conflicted is considered, and the member is excluded from voting.
- member may stay and participate in the discussion but is excluded from voting.

Termination of appointment (Chairs and members)

A Chair or member is free to resign their position at any time.

A Chair or member's appointment may be terminated by the BEC in consultation with the Chief Commissioner on reasonable grounds including (but not limited to) repeated and/or serious non-observance of this Framework (or any aspect of it), the policies and rules of Scouts ACT, and/or where the Chair or member has failed to attend three consecutive meetings without leave.

Committee administration

Scouts ACT will facilitate the work of BEC and its committees by providing secretariat and administrative services as described in this document.

Staff participation in committees

The provisions set out under *Membership of committees* prevail where there is inconsistency between that section and this. Unless otherwise agreed by BEC, the Executive Officer is entitled to attend the meetings of any BEC committee as a requirement of their role, but for obvious reasons of practicality, they are not required to attend every meeting of every committee every month.

The Scouts ACT Administration Officer (or by whatever title) is available to provide clerical support to any committee that requires it (referred to in this document as 'Committee Administrator'). This may include the provision of services before and after committee meetings, and attendance at meetings in order to take minutes or to provide any other support required by the committee. Staff members attending a meeting for the purposes of providing clerical support do not have voting rights and do not count towards quorum.

The Property Officer may be an ex officio member of the Property and Assets Committee, has voting rights and counts towards quorum.

Staff members may be appointed chair of a committee, but in general it is preferred that non-uniformed members chair committees.

The Manager/s of Camp Cottermouth will attend the meetings of the Camp Cottermouth Committee **without** voting rights and do not count towards quorum. This acknowledges that the Camp Cottermouth Committee has delegated authority to direct the Managers, who therefore cannot have voting rights over their line managers.

Title

The committee will be known as the Camp Cottermouth Master Planning Working Group.

Purpose

Context:

1. Camp Cottermouth is a commercial business operating in a dynamic environment. As a key income source for Scouts ACT, it is highly desirable that the Camp be positioned not only to protect its current income, but to grow income.

The purpose of the Camp Cottermouth Master Planning Committee is to develop a plan that provides a long-term vision and practical implementation guide for future growth and development of the Camp, including analysis, recommendations, and proposals, guided by the dual requirements to deliver a sustainable income to Scouts ACT and to support the delivery of the Scout Program.

This working group is established for the specific purpose of leading the development of a masterplan and will then be disbanded to be replaced by other appropriate governance structures to oversee the phased implementation of the masterplan.

Objectives

 - a. the structures, service offerings, and uses proposed for the site.
 - b. business case analysis for the proposed structures and uses.
 - c. phasing and implementation recommendations.

Expression of Interest: Zoho Rectification Working Group

Overview

The BEC is establishing a Working Group consisting of individuals possessing relevant knowledge and skills to guide the Zoho forms project back on course.

The Working Group will have three tasks.

1. Identify the fixes required for the current forms (**Youth Membership** and **Activity Approval**), including identifying the highest priority pressure points for urgent attention, working in collaboration with the contractor.
2. Review the **Adult Membership** form (not yet released) and provide feedback to contractor to help ensure that a suitable and functional form/workflow is produced.
3. Observe, test, and gather feedback from users on the three forms/workflows. Assess the suitability of Zoho for continued use. Make recommendations to BEC.

The Working Group has a tight and specific purpose, as outlined above, and thus will have a finite life, expected to be approximately 6 months from the date of implementation.

Expressions of Interest

Expressions of Interest are invited from members and friends of Scouting to join the Zoho Project Rectification Working Group. Please note that this is a skills-based call. The purpose of the Working Group is to identify and implement solutions, rather than to be a discussion forum.

Volunteers are sought with skills and experience in IT project management, business systems or process analysis, data management, database structure and management, change management, communications, and training delivery, united with an understanding of the daily rhythms and requirements of Scouting.

The time commitment is forecast to be:

- One initial meeting to brief all members on the project and agree on the Working Group's process – allow 2 hours.
- One Working Group meeting per fortnight (online) – allow up to 2 hours.
- Some email/chat-based online communication – ongoing.

Please indicate your interest by submitting a reply using [this short form](#).

User feedback

To support the Working Group to achieve speedy resolution of current problems, user feedback (problems, wish list, observations) is invited via these channels:

- Email to support@scoutsact.com.au
- Contact Andrea Butler, who as a member of the BEC is well-placed to be a communication conduit between Group Leaders and BEC (E: groupleader.southwell@scoutsact.com.au)

Feedback already provided to these channels has been logged and need not be re-submitted.

Thank you for your endurance through this challenging experience. I and my BEC colleagues are committed to delivering a solution.
