

# SCOUTS ACT – COVID SAFE SCOUTING

## STEP 8 – November 2022

### Overview

COVID remains an infectious disease in our community, along with other infectious diseases.

Appropriate personal care should be taken, through obtaining vaccinations relevant to the individual, good hand washing, and not attending events in person when unwell

Appropriate care by Groups should be in place, though provision of hand washing facilities, provision of hand sanitiser, good kitchen hygiene, and the monitoring of the health of members.

Further measures can be taken as needed, which may include the wearing of a face mask, maintaining 1.5 metres physical distancing, and participating online when suitable.

Monitor any changes in COVID rules by the jurisdictions where activities are planned and consider COVID when planning activities and events.

Further information - <https://www.covid19.act.gov.au/stay-safe-and-healthy/covid-smart-behaviours>

### What happens

Weekly meetings, indoor and outdoor activities including overnight events

Camp Cottermouth open
